

# Principal Malaysia Enhanced Opportunities Fund

30 November 2025

Available under the EPF Members Investment Scheme

## Fund Objective

The Fund aims to provide investors with long-term capital growth by investing principally in equities. The Fund also seeks to outperform the FTSE Bursa Malaysia KLCI benchmark. The Fund will invest between 70% to 98% (both inclusive) of its NAV in equities and up to a maximum of 30% of its NAV may be invested in warrants and options. In line with its objective, the investment policy and strategy of the Fund will focus on investment in shares of companies with growth potential. Liquid assets may also be strategically used if we perceive that the downside risk of the market is high in the short-term.
